FOREWORD

This list of streets, courts, places, etc., includes all of the known named ways within the City of Boston.

PUBLIC WAYS and **PRIVATE WAYS** open to public travel are shown in boldface type and are designated by names which have been assigned at some time in accordance with public statute.

PRIVATE WAYS not open to public travel, consisting of many alleys and small passageways or "paper" streets not yet developed, are shown in lightface type and are identified by names assigned by abutting property owners or developers.

The designations "public ways" or "private ways" are based upon official records of this department in most cases, but, due to the possibility of typographical error, indefinite or incomplete ancient street records, this book should be used for general information only.
